

David Salisbury Joinery Ltd

Job Description/Person Specification

Finance Director

This is fantastic opportunity for a Finance Director, or very experienced Financial Controller looking to take the next step, to join a market leading manufacturing company.

Working as part of Senior Management Team, this is a pivotal role in the future of this ambitious business. Not only will you need to be an exceptional accountant and hands-on with company finances but you will also be commercially aware, advising on the best path of growth for the business and adding value through process improvement, system implementation and strategic commercial support.

You will need to be enthusiastic, driven and self-motivated with excellent communication, presentation and interpersonal skills.

Key responsibilities:

- Full management of the finance function and overseeing a team of 4.
- Management reporting, product costing; credit control
- Preparation of management accounts, budgets, forecasts and cash flows
- Maintenance of financial ledgers and accounting processes
- Timely production of statutory and internal financial reports
- Financial modelling and analysis
- Cash, debtors & creditors management
- Develop a robust cost of sale model
- Ensuring that appropriate systems and internal controls are implemented and maintained
- Ensure that company financial systems are robust, compliant and support current activities and future growth.
- Preparation of VAT returns

About you:

Skills & Experience

- Fully qualified ACA/ACCA or CIMA Accountant
- Experience at FD level (within a manufacturing or construction environment is highly desirable but not essential)
- Proven experience of implementing new strategies and improving processes efficiently and effectively
- Ability to identify pragmatic solutions that can be developed and sustained.
- Proven ability to communicate, influence and collaborate with individuals and teams from “shop floor” to board level.
- Experience of managing and developing a team

Competitive package and excellent career development opportunities.
